NATIONAL COUNCIL OF EDUCATIONAL RESEARCH AND TRAINING (NCERT) RECOMMENDED BOOKS

Exposing children to a range of children's literature for independent reading, shared reading as well as read aloud is critical for children to develop sustained literacy skills as well as develop critical thinking, imagination and creativity. There is a need to have carefully selected books that are suitable for children with varying age group, reading abilities and diverse interests. A suggestive list of selected children's literature under the Early Literacy Programme is presented here to guide libraries, schools, NGOs, parents and States boards and other organizations to select and buy good and useful children's literature for young readers according to their budget and requirement of the readers.

Department of Elementary Education, Early Literacy Programme, 2012-13
